Keeping National Party Politics o

Safeguarding Patient Services in East Surrey

We understand your concerns around the merger of our hospital with St. Georges. We don't want anybody to have to travel further for medical care.

We will protect local access – fighting to ensure essential services remain at Epsom Hospital

Urgent care is a priority – we will push to ensure emergency and critical care services continue without disruption.

Our healthcare workforce should not face uncertainty – we will advocate for sufficient staff, equipment, and facilities to maintain high-quality care.

Merger plans take time to implement – so we will monitor closely, working with the NHS, East Surrey Unitary Authority and community groups to keep residents informed.

We will listen to patients, carers, & families – making sure they are at the heart of decisions.

We will promote transparency – ensuring changes are communicated clearly and openly

Councillor Steven McCormick

I have served as a Surrey County and Epsom & Ewell Borough Councillor for five years, working full time to represent local residents. I focus on practical issues that affect everyday life — road safety, parking, public safety, planning, and protecting our environment. As Chair of the Epsom & Walton Downs Conservators, I work to safeguard the Downs, balancing heritage with the needs of residents and visitors. I stay visible and accessible, engaging with residents, community groups, and local businesses to solve problems and drive improvements.

Outside council work, I support local organisations and events as a photographer, helping celebrate what makes Epsom such a special place to live.

Councillor Kim Spickett

I live and work in the borough and attended the University for the Creative Arts in Ashley Road. As a borough councillor, I serve on Health Liaison, the H.R. Panel, Epsom & Walton Downs Conservators, and the Communities and Wellbeing committee. I'm Borough Heritage Champion, raising the profile of our history and supporting local and national charities through events at Epsom Playhouse.

My background is producing educational material for healthcare workers. This shapes my commitment to wellbeing, carers, and inclusive information for all ages. I listen, focus on practical solutions, and fight for independent, residents-first decision-making.

I have always enjoyed the countryside - I learned to ride here! I'm a volunteer water quality monitor with our local rivers' trust - and recently, I successfully campaigned to create a new nature reserve in the borough.

out of Decisions which affect you

Community-Driven Decisions

- We promise to be true champions for our community, protecting our local amenities and assets.
- We will listen to you, ensuring that decisions are made with your input and in your best interest.
- We will be responsive, provide regular updates on key decisions and offer clear channels for feedback.

Sustaining Local Services and Amenities

- Our local services – like highways, schools, transportation, waste collection and social services – are critical. We will fight to protect these services and ensure they meet the evolving needs of the area.

Fix and Improve our Roads & Pathways

- We will reinstate Local Highway Officers and implement our “Rapid Response” strategy to fix potholes to ensure safer travel for cyclists, motorists and pedestrians.

A Thriving Community for Everybody

- We will aim to improve the provision of ‘closer to home’ SEND places for Epsom and Ewell families.
- We will work tirelessly to ensure that the communities of Epsom Town & Downs continue to thrive and that valued local resources and facilities are safeguarded.

Public Safety and Crime Prevention

- We will advocate for increased support for local policing and community safety initiatives within the new authority.
- Ensuring that crime and anti-social behaviour is addressed - and that community policing and youth services are enhanced - is a top priority.

Affordable Housing, Local Needs

- Balance is key. We will ensure that new developments are carefully planned to fit the local environment and don't put undue strain on our infrastructure and services.

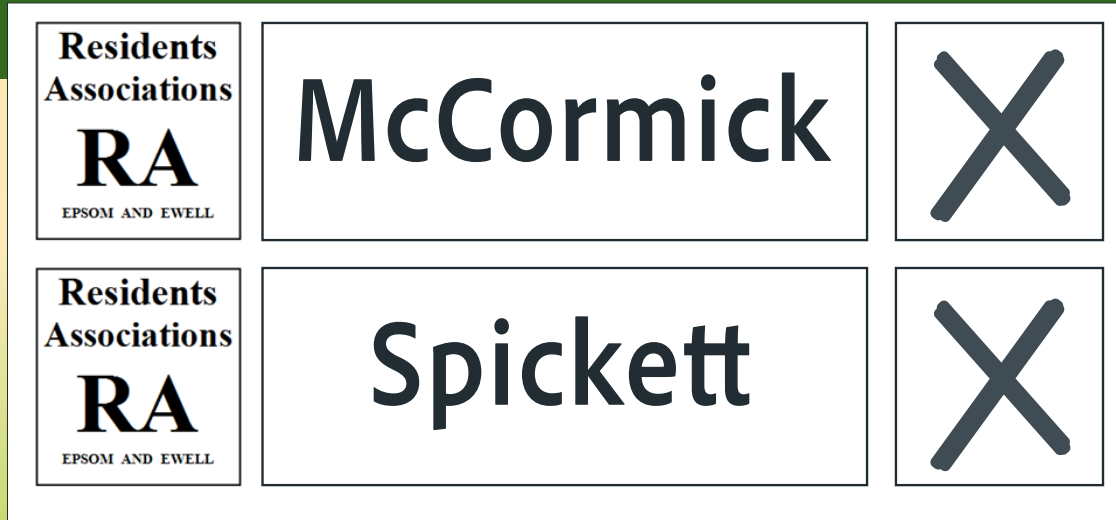

Sustainable Development and Green Spaces

- We cherish the natural beauty of our Downland, parks and green spaces. We will ensure that they remain accessible, well managed and preserved for future generations.
- We will push for environmentally sustainable development, protect these areas, while also fostering responsible growth.

Improved Connectivity

- We will fight for the development of safe, efficient transport links to improve connectivity and mobility for everyone in our community.

Your TWO Votes matter on Thursday 7 May 2026

Please remember if you are voting in person at the polling station, you will need to take approved photo ID with you

WE ARE INDEPENDENT LOCAL CANDIDATES KEEPING PARTY POLITICS OUT OF DECISIONS WHICH AFFECT YOU

JOIN US IN SHAPING THE FUTURE!

- We care deeply about Epsom and its neighbourhoods and will work hard to protect what makes our area special.
- We are proud to offer a credible, experienced and locally-rooted alternative to politicians who are more committed to their party than the people they represent.
- We will build on our proven local track record in council leadership, standing up for Epsom & Ewell and deliver real improvements for our community.
- We will continue to work closely with community groups, charities, businesses and residents' organisations.

With your support, we will create a future where Epsom Town & Downs are well-governed, with local resources and facilities safeguarded, and with your needs our primary focus.
